If you are dissatisfied with this decision, you may seek to have it reviewed by a three-member faculty committee appointed by the Dean to review such decisions by informing Dean Crain in writing within one week. (Please see Section 6 of the Policy on Exam Accommodations for Students with Disabilities.) Beyond this committee, further review lies with the full faculty and appropriate University authorities.

If it is necessary to schedule a makeup exam, you will be asked to sign a form agreeing to the following: "I understand that I was permitted to reschedule this exam on the condition that I did not receive any information about the exam before the makeup. I now certify that I did not discuss the contents of this exam or receive information from any other sources prior to the makeup exam."
