RE: Accommodations for Students with Disabilities
Date: August 2026

Requesting Accommodations for Disabilities

The University of Iowa College of Law provides classroom and examination accommodations to students with physical, mental, and learning disabilities. Appropriate services and modifications are determined on a case-by-case basis. Any student seeking accommodations must schedule a meeting with me. Generally, a student must follow the procedures and submit documents listed below.

1. Students must submit written requests for accommodations on Accommodation Request forms. All requests should be made to the Associate Dean for Student & Career Services.
2. Accommodation request forms must be supported by a written Verification Report from a licensed professional or health care provider. Request and Verification Forms are available from Mishelle-Eckland@uiowa.edu.
3. Early receipt of requests and supporting documentation is essential to allow sufficient time for review, evaluation, and provision of accommodations pursuant to the Policy on Accommodations for Student with Disabilities found in the Student Handbook. Supporting documentation should be submitted 30 days prior to requesting accommodations for classroom accommodations and exams.
4. Accommodations are prospective; retroactive accommodation to adjust deadlines or prior academic performance are not available. Therefore, students with documented disabilities may wish to complete request forms and submit timely verification reports in the event there is need for some accommodation at a later time.
5. Students are notified in writing on all requests.
6. When appropriate, the College of Law coordinates with the University of Iowa Student Disability Services on the provision of alternative media, assistive technology, and other services.
7. If students have any questions or concerns about the approval, denial, or implementation of their requests, they can contact Associate Dean Carin-Crain@uiowa.edu, Academic Advisor Tania-Lefevre@uiowa.edu, or Director and ADA Coordinator in the Office of Civil Rights Compliance at the University of Iowa, Tiffin-Stevenson-Earl@uiowa.edu.
